Summary:

I am a *skilled programmer with 3 years of experience* in developing web and mobile applications using various programming languages. I have expertise in HTML, Java Script, CSS, Kotlin, and Flutter programming languages. I am a front-end developer and have successfully completed projects in music applications and currently am working on a database analysis project.

Work Experience

- ➢ Developed and maintained web and mobile applications using HTML, Java Script, CSS, Kotlin, and Flutter
- ➢ Collaborated with cross-functional teams to design and implement new features.
- ➢ Conducted regular code reviews to ensure code quality and maintainability

Skills:

- ➢ Proficient in HTML, Java Script, CSS, Kotlin, and Flutter programming languages.
- ➢ Experienced in developing web and mobile application.
- ➢ Excellent problem-solving and analytical skills.

Education:

Unfortunately I don't have any legitimate documents cause I studied under work experience. And mostly research despite I have managed to work on several projects. Am always on constant research to improve my skills and learn new things and make sure what I know is up to date.

Languages known;

- ➢ Luganda
- ➢ English

Projects:

- ➢ Developed a music application using Java Script, HTML, CSS, and Flutter
- ➢ Designed and developed a mobile application using Flutter
- ➢ School website development projects

Hobbies:

- ➢ Singing
- ➢ Teaching
- ➢ Research
- ➢ Gaming
